

MEMBERSHIP FORM GUIDANCE

This form is intended to provide guidance to new and existing members on completing the electronic club membership form.

The Amateur Swimming Association now offers an electronic submission of club membership which occurs annually and in order to cut down on paper records the club are now moving to an entirely electronic membership system.

It is very important that your application form contains the following information:-

- Full name of the swimmer
- Date of birth of the swimmer
- An email address to provide contact details for the swimmer, this can be a parent/guardians email address if you would prefer
- Any medical conditions, if there are no conditions to be notified please add **NONE** to this box
- Any allergies, if there are no allergies to be notified please add **NONE** to this box
- Details of any regular medication taken, of there are none to be notified please add **NONE** to this box

Swimmers who are members of more than one club must select one club for ranking purposes - the ranked club name will appear on the ranking lists. The ranked club is normally the club whose name they compete under in major events. If Seaclose are your only club please select 'Rank Club', otherwise please select 'Second Club' and provide details of your rank club on the application form.

If you are over 18 years of age and wish to join Seaclose Swimming Club as a Masters Swimmer please select that option at 'Type of Registration'.

Please ensure that you update the Club Secretary if any of your personal information changes.

If you have any questions when completing the membership form please contact our Club Secretary, Julie Van der Helstraete at clubsecretary@seaclosesc.co.uk
